

Environmental Regulations and Requirements: The Potential for Maritime Disputes

A brief introduction to the multitude of environmental regulations and requirements for the maritime industry, which will be followed by an expert panel discussion on the potential for conflict between the regulations and requirements as well as between the commercial parties, and how those conflicts may best be resolved.

Date : Wednesday 23 November 2022
Time: 16.00 to 17.30 (HK Time, GMT+8)
Registration fee: Free of Charge
